

Capabilities Statement

DotWave Solutions is a cybersecurity consulting firm founded by award-winning professor, Dr. Oludotun “Dot” Oni. We provide customized cybersecurity solutions that protect and serve others with a commitment to integrity, dedication, and faith. Anchored by Zero Trust principles, our services provide comprehensive cybersecurity due diligence, assessing risks across both digital and operational ecosystems.

We secure critical infrastructure, operational technology (OT), and supply chains in organizations across several industries. We also assist organizations achieve and maintain compliance with key regulatory standards such as NIST, CMMC, HIPAA and more. With expertise ranging across sectors such as government, private enterprise, and energy, our mission is to safeguard the confidentiality, integrity, and availability of our clients’ data by hardening their cybersecurity posture.
